

PARENT/FAN BEHAVIOR ACCOUNTABILITY

In Lincoln Academy's attempt to ensure that all athletic events operate in a manner that emphasizes respect and responsibility, LA will remove any individual(s) creating a disturbance which disrupts these goals at an event.

An individual removed from a contest by **either** Lincoln Academy's administrative team or the game official for that contest will receive written notification from LA following the event. This notification will serve as a warning that a second removal from an event will result in a suspension from all LA athletic events for the remainder of the academic year. The individual can return to athletic contests the following year.

Upon return, any individual who continues to be a disruption to the management of Lincoln Academy's activities, or receives a third removal from an event, will be barred indefinitely from attending all future contests.

We have read and understand the above rules and regulations related to the Lincoln Academy Code of Conduct and will abide by them. We also understand the consequences and penalties for these rules and regulations if they are violated.
