Principal Job Description

• We are using the format and some content of the CDE principal evaluation rubric as a basis for our new tool. See attached example below.

• We will also review the principal job description from Jefferson Academy to see if we can borrow any elements from there.

Principal Evaluation Tool

• Once the principal job description has been updated, we will transfer its elements into the evaluation tool.

• We will contact JA to ask how(if) they gather the data on their principals that is difficult for their board to evaluate, e.g. elements that the principal delegates or things the board doesn’t see because board members are not at the school on a day-to-day basis (those elements that we always agree are hard to evaluate). Perhaps JA has a peer review tool/questionnaire that we could use? The higher ratings on the rubric ("Accomplished" and "Exemplary") often require evaluation of these types of things.
